

Under 9 Girls Competition By-Law Seasonal Amendment (for 2025 only)

Following a consultation period with our Clubs, we have determined to amend the minimum number of players for each Under 9 Girls team to eight (8) players. This would be played with a 2, 4, 2 zone configuration.

A few other things to note:

- If both teams have more than eight players, we would ask that you 'fill up' to give as many players time on the ground as you can, up to the maximum of 15 on field per the current By-Law.
- Where one team has less than 8 players, we would ask that the opposition lend the team with the lower numbers the players needed to play a match with at least eight a side.
- Where the player numbers of one team far exceed that of the other, if Clubs can agree to loan players to the opposition to increase numbers on the ground that would be well received.

We know that clubs/teams/coaches have all worked together in the past in the best interests of providing an enjoyable competition for our U9 Girls to play football, and I'm sure the same level of cooperation and goodwill shall continue this year.
